summary

BS Architecture by ESAYT, UCJC (Madrid). He specializes in the field of museography after finishing a Master of Exhibition Design and Management by UEM (Universidad Europea de Madrid).

His professional background ranges from the comprehensive design of exhibiting spaces/items (throughout diverse specialized software tools such as Autocad, 3D Max-Vray or Adobe Pack) to Quality assurance and Works Management in museographic projects.

In 2010 he joins in the staff of Ypuntoending S.L, which field of expertise is the management of architectural, museographic, graphic, interior design and signposting projects.

In 2011 takes part, as a designer, in the team of Taller de GC, an Architecture Studio which projects are mostly related to culture, focusing its architectural, graphic, and designing resources in all its expressions.

Since 2012 until now, he is reinstated to Ypuntoending Studio S.L and JMASOC, where he fulfils designing and Quality Control tasks in works.
